PROFILE

A career-shifter from a longtime Back-Office agent to a Web Developer returning to my roots as a programmer same from college days. Engaged in a Full-Stack Web-developer bootcamp to be refreshed and be proficient again in an assortment of technologies, including HTML/CSS, JavaScript, PHP, MySQL, and aquired bootcamp knowledge like Bootstrap 5, JQuery, MySQLi, Ajax, React JS, and Laravel. Able to effectively self-manage during independent projects, as well as collaborate in a team setting due to my longtime experience as a Back-office agent.
